

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloading the stomach exceeds that from the increased heart beats caused by the use of alcohol or whiskey. Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years. I used bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

A DAY OF TERROR

Paterson, N. J. In the Hands of a Swarm of Anarchist-Rioters.

MILLS WERE INVADED

Striking Silk Weavers Headed By Group of Bresci's Comrades Go On a Serious Rampage.

A Reporter Was Fatally Shot For Taking Snap Shots of the Turbulent Crowd.

Paterson, N. J., June 19.—This city was in the hands of a mob yesterday and as a result of the riots a number of persons were shot and two at least will die. The police did their work well, but they were so few in number that they could make little headway against the mob. Mills were wrecked with stones and bullets by the striking silk dyers' helpers or roughs acting for them. There were threats to resort to the torch, but so far the mayor hesitates about asking Governor Murphy for troops.

There seems to be every indication that the riot was the result of a prearranged plan to involve the would-be peaceful element in the affair from the start. Among the leaders of the trouble was a man named McQueen and another named Galeano, the former an Englishman and the latter an Italian. Others, agents of anarchist circles, have also been quietly fanning the flames.

Yesterday Chairman McGrath, who has held the strikers in leash since he first obtained control on the second day of the strike, was on hand and presided. He spoke; so did McQueen and Galeano, and the latter worked his countrymen into a frenzy. Then McQueen leaped into control of the meeting. He called for a vote on the question of calling for a general strike of all branches of the silk trade. All voted in favor and a committee was appointed to consider means for bringing the silk workers out. Galeano was one of the committee. It gathered amid a babel of tongues and a scene of confusion. Five minutes later Galeano emerged from the group shouting something in Italian. Instantly a mob had formed about him. Into it rushed the Italians and then the other foreigners, and a moment later the mob, led by Galeano, swept down Belmont avenue.

A quarter of a mile down Belmont avenue stands the Columbia mill, a silk ribbon factory. The doors had been locked when the mob appeared, but they were forced open and with the crash of the doors came a volley of stones which rattled the windows in the front of the building.

President Grossgebauer telephoned for the police. Stones rained into the office and flew about his head. Twenty young women on the first floor stood at bay and threatened to fight, and the weavers on the second floor ran down to their aid. William Westfield, the leader of the ribbon workers' strike eight years ago took command. He directed those in the place to leave and denounced the anarchists.

When the operatives were out of the Columbia the mob swept on down Belmont avenue. Several members of the group of existence, Bresci's old comrades, with Galeano at their head, were in the lead. A half mile march brought the mob to the Cedar Cliff mill, where they stayed until all were out. Just beyond the Cedar Cliff is the Rynewarner mill. The doors were burst open and the men and girls were found ready to go out and waiting for orders from the New York office. When this was seen the rioters did nothing but wait until the mill was closed.

The next place visited was a cotton braid factory. It seemed to make no difference to the mob whether it was in any way connected with the silk trade or not. The women became hysterical as the howling rioters climbed in windows and burst in doors. Mr. Rheinhardt, the owner, ordered his employees to quit for the day. The mob rushed through the cotton works and did much damage and then poured on down the street to Bamford Brothers' mills in Cliff street. Here four patrolmen had taken a stand. The four faced the mob for five minutes, telling them that the employees had gone out by the rear and the works were closed down. Volleys of stones were hurled at the officers and all four were struck several times.

Perry Harris, a reporter on the Morning Call, who with a camera was taking pictures of the crowd, was warned by the rioters to desist. He did not and was shot through the chest, receiving a fatal wound. Antonio Salazar, one of the most active rioters, was shot in the chest by a policeman and is also dying. Many others received lesser wounds.

Ended In Death.
East Liverpool, O., June 19.—John Drayer, who came here last January from Middletown, Pa., died yesterday as the result of injuries received ten days ago. Drayer was on the street with a young woman when three men assaulted him, one of them striking him on the head. Drayer had been unconscious most of the time since the injury was received. Edward B. Buehler is under arrest, charged with Drayer's death.

STUMP SPEECHES

Time of the House Taken Up In Political Harangues.

Washington, June 19.—The near approach of the end of the present session of congress was signaled by a general political speech by Mr. Richardson of Tennessee, the leader of the minority, yesterday. Taking advantage of the latitude allowed during general debate on the deficiency appropriation bill, he delivered a set speech of an hour and a half. He arraigned the Republican party for its failure to keep its platform promises, dwelling especially on the question of trusts and the necessity for tariff reduction. Mr. Shallenberger (Dem., Neb.) also made a political speech, condemning the administration for removing Miss Taylor, a clerk in the war department, for criticizing its Philippine policy and for justifying General Wood's expenditures for the promotion of reciprocity legislation. Mr. Cannon, chairman of the appropriation committee, in a brief reply to both speeches, said he was ready to go to the country on the record of the Republican party. He caused much merriment on his side of the house by describing the Republican party as pulling the wagon while the Democrats stood off and found fault. Mr. Bartlett (Dem., Ga.) offered an amendment to the deficiency bill to reimburse the Cuban revenues for the salary allowed by Secretary Root to Governor General Wood out of the island revenues. In the course of some remarks early in the session Mr. Cannon declared that if he could have his way congress would adjourn sine die before July 4. The general deficiency appropriation bill, the last of the supply bills, was passed.

This afternoon the voting on the amendments to the pending Nicaragua canal bill is in progress, and a final disposition of the matter is expected before 5 o'clock. The senate yesterday devoted practically its entire session to consideration of the canal question. Little talk to the discussion was developed by any of the speakers.

No Conclusion.

Washington, June 19.—The Republican senatorial conference on the Cuban sugar question adjourned at 1:45 this morning to meet Friday after the adjournment of the senate. It was stated that no motion had been made and that the conference was devoted entirely to discussion.

WILLING TO RETIRE

Admiral Clark Feels That He Has Had Enough Active Service.

Washington, June 19.—Admiral Charles E. Clark, who has just been elevated to the grade of junior rear admiral, has indicated to his friends that he is considering the advisability of applying for voluntary retirement under the terms of the personnel act, as a senior rear admiral. His retired

pay would be \$5,625 per annum. It is evident that a number of the senior naval officers will seek to take advantage of this section of the personnel act, and without intending to disparage their abilities in any way, it is believed that the department is not averse to this action, as the result would be to further the object of the personnel act in breaking up stagnation and bringing into commanding rank in the navy a number of young, vigorous and ambitious officers, who will be peculiarly fitted to carry out the scientific and elaborate schemes of the general board.

Samar Civilized.

Manila, June 19.—The organization of civil government on the island of Samar yesterday was witnessed by a large crowd of people. General F. D. Grant turned the administration of the island over to Luke E. Wright, acting civil governor of the archipelago.

THE CALL IS OUT

President Mitchell Calls Bituminous Miners to Meet In Special Convention.

FOR A GENERAL STRIKE

A Movement Which May Result In the Greatest Industrial Tie-Up In American History.

Feeling Is Expressed That the Conservative Element May Prevent a General Suspension.

Wilkesbarre, Pa., June 19.—President Mitchell yesterday issued a call for a national convention of hard and soft coal miners, which will be held in Indianapolis July 17. This move is the most important in the anthracite strike since it was inaugurated, and may result in the greatest strike and tie-up of industries of all kinds in the history of America. Should the national convention decide to strike, it will call out 300,000 bituminous miners to assist the 150,000 anthracite men now out, tying up the entire coal industry of the country. The convention will probably occupy several days, and will be attended by at least 1,000 delegates from all the bituminous coal fields.

It has been intimated since the anthracite strike began and the proposition for a special convention was inaugurated, that President Mitchell and other officials of the organization were not in favor of it; but they had no other alternative but to issue the call, as the constitution provides that a call for a national convention must be made when there are five petitions presented.

It will probably be one of the most important conventions ever held by a labor organization, as it will involve over 400,000 miners, throughout twenty-four states, while other branches of industry dependent on them for fuel will be concerned.

The prediction is made, however, that a general suspension of work will not be ordered unless the situation should become more aggravated, as an effort of the anthracite men to withhold the settlement of the bituminous miners until the anthracite operators came to terms failed during the recent national convention in Indianapolis.

It is believed that the conservative officials of the organization will be powerful enough to prevent a general suspension of work.

View of Operators.

Scranton, Pa., June 19.—The fact that the joint miners' convention called yesterday by President Mitchell is set for a month hence, is interpreted by the operators here to be an effort to bluff them and buoy up the strikers.

Trouble Not Unlikely.

Blackfoot, Idaho, June 19.—A great line stands in line before the United States land office here awaiting a chance to register claims in the Post Hall reservation, opened to settlement Tuesday. Many have encamped in front of the office. The feeling against the hundreds of "sooners" who eluded the Indian police Tuesday and took up choice claims, is very bitter, and trouble is likely to occur. The struggle for the more valuable claims is increasing, and already many contests have been filed.

McGovern Knocked Out.

New York, June 19.—"Terry" McGovern, the pugilist, while playing baseball at College Point, L. I., yesterday, was knocked down in a collision with a base runner and had his collar bone broken. McGovern was taken to his home in South Brooklyn, where the attending physician said he would be laid up for several weeks. McGovern is matched to fight "Young Corbett" in September for the feather-weight championship.

Roads Will Consolidate.

Lexington, Ky., June 19.—Four Kentucky railroads will consolidate July 1 with a capital of \$4,800,000 and will be known as the Lexington and Big Sandy Railway company. It will operate 188 1/2 miles of track. The roads are the Elizabethtown Lexington & Big Sandy (124 miles); Kentucky & South Atlantic (19 1/2 miles); Ohio & Big Sandy (51 1/2 miles); and the Ohio River & Charleston (8 1/2 miles).

Fatal Railway Wreck.

Kansas City, Mo., June 19.—Chicago & Alton local passenger train No. 14 was derailed two miles west of Mexico, Mo., yesterday, while running on schedule time. The engine and three cars were derailed. Engineer H. Keller of Slater was thrown out of the engine and killed. Thirteen passengers were slightly injured, but all continued their trip to their destination.

Missing Teachers.

Manila, June 19.—Four American teachers living at Cebu, Island of Cebu, went out for a day's outing June 10 and have not yet returned. Three detachments of native constabulary are searching for the missing Americans and have received orders not to return without them.

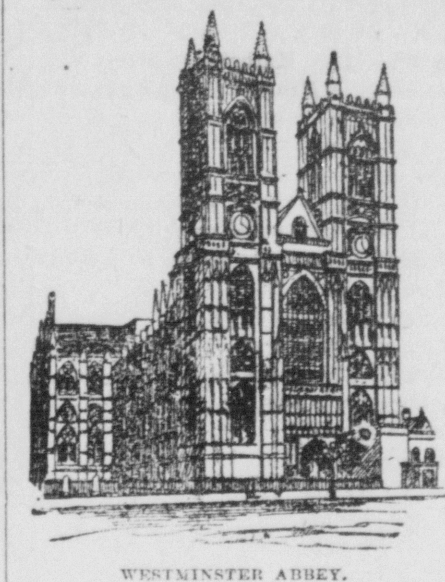

Campbell For Governor.

Nashville, Tenn., June 19.—The state Republican convention in session here yesterday nominated H. T. Campbell of Carter for governor.

ALL IS READY

Westminster Abbey In Good Shape For the Coronation.

London, June 19.—After being almost hermetically closed to the public and press for two months, Westminster Abbey in its coronation dress was described in yesterday's London Times commencing with the artificial annex which, externally, blends so perfectly in color and architecture with the old structure as to deceive the experienced eye. The correspondent says

WESTMINSTER ABBEY.

the abbey, inside, has the appearance of a vast hall with a timbered roof supported on square pillars and carved arches. Here the procession will be formed up. The stands in the abbey itself, the erection of which caused some disapproval, are so placed that the architectural beauty of the ancient building is by no means marred. The transepts are filled with seats to the south for the peeresses, to the north with seats for peers. Above them are two great galleries for the members of the house of commons and their wives. The peeresses' chairs are of the Chippendale pattern and are ample enough to make the most portly duchess comfortable. In the great central space, known as the theater, where the crowning will actually occur, there has been laid over the dais a famous Oriental carpet made in 1540. There is evidence throughout of good taste, and the arrangements have approached such a stage of completion that there is no doubt that everything will be perfectly ready today week.

TEACHERS SELECTED.

Names of Those Who Will Teach
in Seymour Schools Next
Year.

The Seymour school board has selected the teachers for the coming school year as named below. It will be noticed that there are not a great many changes, though some have been given leave of absence to attend college or normal school. Prof. J. E. Graham, principal of the high school, has been granted a leave of absence for one year and will study at Indianapolis University and at the Northwestern University, at Evanston, Ill. Miss Agnes Andrews has been granted a leave of one year and will study abroad. Miss Katherine Short and Miss Maggie Mitchell have also been granted a year's leave and will attend normal school.

The teachers chosen are as follows: H. C. Montgomery, superintendent. Ida MacDuff, supervisor of music. Francis Branaman, acting principal. Kate B. Jackson, Anna L. Hancock, Ruth P. Cone, Elenora Davison, Lenore Gasaway, Laura Horst, Margaret Phelan, Sarah Marsh, Emma Alves, Edith Fleniken, Elva Keith, Amelia Reich, Adalade Miller, Margaret Schobert, Bertha McCann, Cora Leininger, Minnie Adam, Katherine Vosbrinck, Sadie B. Frey, Clara Childs, Amanda Baird, Maggie Brown, Bessie Thompson, D. W. Caine, Mae E. Love, substitute.

Several of the teachers named above will spend the most of the summer in summer schools.

MARRIED.

RINNE-GREER.

At 8:30 o'clock Wednesday evening, June 18, Mr. Edward C. Rinne and Miss M. Elizabeth Greer were married at the home of the bride's mother, Mrs. Margaret Greer, on east Third street. The ceremony was pronounced by Rev. E. R. Vest D. D. Miss Grace Conner presided at the piano. The parlors of Mrs. Greer's home were beautifully decorated with flowers and potted plants, presenting a striking appearance. The ceremony was witnessed by relatives of the bride and groom and a few immediate friends. After the ceremony and congratulations an elegant supper was served. The bride and groom received numerous beautiful and valuable presents. Mr. and Mrs. Rinne are among Seymour's best young people and have a host of friends. Mrs. Rinne was cashier for the Thomas Clothing Company for eight years and is a popular and accomplished young lady. Mr. Rinne is deputy post-master and stands high in social and business circles. They will reside on west Second street in a cottage which was nicely furnished in advance.

BECKER-STEINKAMP.

Rev. Adam Becker, of Ann Arbor, Michigan, and Miss Louise Steinkamp, of this city, were united in marriage, Wednesday evening, June 18, at 8:30 o'clock. The wedding took place at the home of the bride on South Poplar street. Rev. J. P. Severinghaus, officiated. Relatives and a few immediate friends witnessed the ceremony. Rev. and Mrs. Becker have a host of friends who extend hearty congratulations. After visiting among friends in this vicinity for a week or two they will go to Ann Arbor, Michigan, where he is pastor of the German M. E. church.

GREER-FRANCISCO.

Miss Grace Francisco and Charles Greer were married at 2:30 Thursday afternoon, June 19, at the home of the bride's mother on east Third street. Rev. E. R. Vest officiated. A number of relatives and friends witnessed the ceremony. Both the bride and groom are popular and well known in the community and their many friends extend hearty congratulations. He is a conductor on the Louisville branch of the B. & O. S. W. They left on No. 2 this afternoon for Louisville.

KAMMAN-TOPE.

Miss Lizzie Toppe, daughter of William Toppe, who resides east of Seymour, and Mr. Henry Kamman, were married at the bride's home at 2:30 o'clock, Thursday afternoon.

A number of Charley Greer's friends hired the band and went out and escorted Charley and his bride to the train this afternoon. They were "uniformed" specially for the occasion and went prepared to add merriment to the occasion which they did right successfully.

Lynn Faulkner found a bat out at the Hub and spoke factory yesterday that excited quite a good deal of interest. The bat itself was nothing out of the ordinary, but clinging closely to its body were three young bats almost as large as a mouse, which interested everyone who saw them. Several who saw them have been studying up the habits of bats.

SCHWARTZ-DRYDEN SCHOOL.

A Splendid Opening This Morning. 25 Enrolled at Noon.

The Schwartz and Dryden summer school for business and short hand opened this morning at the Laurel street school house. This session was for the enrolling of students and at noon twenty-five names were on the list of students. Others will be added this afternoon and evening, thus assuring a good attendance and a successful school from the very start. Prof. Schwartz will be at the Laurel building at 7 o'clock this evening to meet any who may wish to attend a night session of the school. Enrollment may be made tomorrow also. Prof. Schwartz is well pleased with the outlook and the interest manifested this morning.

Those enrolled at noon are: Homer Shannon, Everett Holmes, Claude Brocker, Osee Robertson, Ruth Branaman, Goldie Atkinson, Walter Hoskins, Chas. Harvey, Carrie Adair, Otto Horst, Verna Carr, Edith Spray, Anna Abel, Grace Maloney, Vallie Woessner, Grace McGenty, Anna Massman, Perry E. Vogel, Carl Oestling, Alma Reich, Dale Whitcomb, Nellie Fox, Jno. A. Hoadley, Robt. Blair, Jno. Conner, Jr.

FATAL TARGET PRIZE.

Indiana Girl Victim of Unhappy Tragedy at Fort Sill.

Guthrie, O. T., June 19.—While the members of Troop B, United States cavalry, stationed at Fort Sill, O. T., were at target practice they accidentally killed a young woman, Miss Emma Gargia, who, unknown to the troops, was at dinner with other members of the family in range of the guns. The soldiers were directing their fire toward the rocky bluff, which seemed a safe precaution against harm.

At the foot of the bluff a small family had stopped for dinner. Miss Garcia was on a wagon seat holding a babe when a bullet from the troop's gun, deflected by the rock, struck her on the temple, death resulting instantly. The soldiers were horrified at the accident, and assisted in the burial of the body in the post cemetery. The family was driving overland from Indiana to settle on a claim.

Thirty Injured.

Guthrie, O. T., June 19.—Thirty persons were injured last night by a gasoline generator explosion in the New York Hardware company's store. The fire ignited gasoline which exploded, blowing the front of the store into the air, making serious wounds wherever it struck persons in falling.

On the Fifth Ballot.

Anderson, Ind., June 19.—After a brief but spirited contest the Democrats of the Eighth district in convention yesterday nominated Judge Jas. E. Truesdale of Alexandria on the fifth ballot as candidate for congress.

It Was Loaded.

Kirklin, Ind., June 19.—Charles Doctors, 16 years old, was accidentally shot and killed by Ernest Cockerman while they were playing soldier. Cockerman didn't know the gun was loaded.

KURTZ.

Singing at Kurtz every Wednesday evening from eight to nine o'clock.

James Kennedy went to Washington, Saturday to visit friends. Chas. Hutchinson has his dwelling completed.

Wm. Bower is hauling some nice poplar logs to the Kurtz mill.

Several from here attended the Freetown campaigning Sunday.

Albert Day has sold out his lath machinery and taken a job at the Seymour Chair Factory. He came over Sunday and took his wife to Seymour.

THE GOLD MINE.

EAST GRASSY.

John Keller returned home Monday from Connersville, where he had been visiting his daughter, Mrs. George Huxtable, who has been in poor health for a long time, but was some better when he left.

Mrs. Matilda Williams, of Henryville, is spending a few days with John Keller's family.

Mrs. Otto Perry received a telegram Tuesday stating that her father, J. F. Agan, near Indianapolis, was dying. She left on the evening train to see him.

Some of the farmers took contracts with an Indianapolis firm to raise tomatoes, and are putting out the plants.

Ray Prince came home Wednesday from Sullivan county where he had been at work.

James Waskom sr., and wife went to Crothersville Friday and bought some fine furniture.

Ethel Morgan, daughter of Ed and Minnie Morgan, has been on the sick list for several days.

The noise of the locust is not heard any more in this neighborhood.

Most of the wheat will be cut this week and will make a fair crop.

Aunt Sallie Keller and son, David and wife, and Mrs. Maria Clark, of Brownstown, were visiting at John Keller's Sunday.

Farmers are not done planting corn in the bottoms as the ground keeps too wet.

Columbus Ewing and family spent Sunday at J. P. Waskom's.

Outside the bottoms the oats crop will be fine.

D. J. Griffith, of Scottsburg, took dinner with Henry Reynolds and wife Sunday, then went to Crothersville to preach in the afternoon and at night.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Business Force.
A lecturer on the art of advertising
asserts that "advertising is as great a
business force as capital, and it is as
necessary to modern commerce as
capital. Capital is being used today
on a scale and a plan which makes it
virtually a new force, and advertising
is its blood brother. Ten years from
now the letter head of the modern
business will read, 'capitalized for
\$1,000,000; advertised for \$500,000'."

more applications also for students to
fill positions than they are able to fill.
This guarantees a good place to each
student who completes the course with
them. You can enroll this evening
and tomorrow. Do not miss the op-
portunity.

WEATHER PREDICTIONS.

What Hicks Promises for the Last
of June.

Hicks, in his forecast for the re-
mainder of this month, says: "From
the 16th to the 19th the people have a
chance to catch their breath and re-
pair their cyclone cellars for the re-
actionary storm which begins its en-
gagement on the 19th. The humidity
will increase and more storms of rain,
thunder and wind will come out of the
west. All through this part of June
there will be an abnormal tendency to
constant and startling displays of
lightning. Great banks of black,
trassy, leaden and snowy clouds will
hang in the west, each point of the
compass being a regular magazine of
nervous lightning. The storm period
beginning on the 19th will be with us
to the 27th. The 23d is named as a
day of severe and prolonged rain,
wind, hail and thunderstorms. Down-
pours of rain, amounting to cloud-
bursts, may be reasonably expected
about this time. The 27th is another
day when the storm god is to reign
supreme and do as he pleases. The
month is to fade away into July with
occasional showers and sultry weather
with the storm conditions in good
working order.

Knowing How

Ever hear of the plumber
who charged \$25.00 for do-
ing a job that required only
a few minutes? He said the
50 cents was for doing the
work and the \$25.00 was for
"knowing how."

The makers of Queen
Quality Shoes do not charge
for "knowing how." They
"know how" to make a bet-
ter shoe than ever known.
They "know how" to put
grace and beauty into Queen
Quality shoes to such a de-
gree that they have come to
be recognized as origina-
tors of shoe fashions.

SPRINGING UP WITH
OUR WATCH BUSINESS

There has been a demand for

LIFE'S LOCK-STEP.

The Mark it Puts on Men.

A movement has been started to abolish the prison lock-step, because it stamps a man for ever as a jail-bird. The prison pallor passes away, but the lock-step lasts and puts a man in the criminal class.

There is a lock-step learned outside of prisons which puts its mark just as plainly on the man who practices it for years. Every business man and every clerk drops into this lock-step. There is no such thing as absolute independence in business. The successful man must "keep up with the procession," he must keep step with his competitors, or be trampled on. The clerk must keep step also with the obligations of his class. He must live up to the limit of modern office requirements. He must

give ability, time and strength equivalent to that given by the best of his fellows else he must drop out or be trodden down. This irksome daily routine sets its mark on those who practice it.

THEY ARE MARKED MEN.

The general mark of constant daily drudgery is weakness. Sometimes the cheeks are hollow, sometimes the eyes are dull or sunken, and sometimes, often indeed, there is a falling off in weight below the normal, indicating a loss of flesh. But whether these symptoms are prominent or not, there is a run-down, weak feeling, which makes it harder every day to face the day's duties. Sleep is not sound and it does not refresh. The appetite fails and nothing "tastes good." There is often a heavy, stupid feeling, and there may be nervousness and great irritability. This condition cannot continue indefinitely. Sooner or later there must come a complete breakdown, unless something is done to restore the lost strength and bring the body up to a sound, healthy condition.

How can that be done? The very condition of weakness suggests its own remedy. What makes physical strength? Food digested and converted into nutrition. If there is a loss of strength it is due to one of two causes—either not enough food to eat, or disease of the digestive and nutritive tract which prevents the digestion of food and the assimilation of its nutritive elements. In this country everybody can get enough to eat. It isn't lack of food that causes this weakness, but lack of power to digest and assimilate the food which is eaten.

It is evident then that what will cure the disease which prevents nutrition will restore the lost strength, by enabling the perfect digestion and assimilation of food. Thousands of weak, worn-out men and women have been restored to perfect health and strength by the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and builds up the body with solid flesh.

The Wedding Month

June has been called appropriately the Wedding Month, and our store just as appropriately has been designated as the place for securing wedding presents. A fine selection of jewelry, silverware, clocks, cut glass, etc. Do not fail to look over our goods.

JACKSON & TINDER, Jewelers. 104 WEST SECOND STREET.

CATARH OF THE STOMACH is looked upon as one of the most difficult of diseases to cure, yet Dr. Pierce's Golden Medical Discovery cures it as readily as it cures dyspepsia, and the commoner forms of what is termed "stomach trouble."

"About ten years ago I began to be afflicted with catarrh of the stomach, also diarrhea," writes Mr. Wm. Walters, of Antrim, Mo. "In warm weather it grew worse, until it would throw me into a cramping chill. Was troubled so often that I sometimes thought my end had come. Tried many remedies, but they gave only temporary relief. In November, 1899, thought I would try Doctor Pierce's Golden Medical Discovery. I got six bottles. The sixth bottle cured me. I have enjoyed the best of health this summer, and the credit all belongs to your 'Golden Medical Discovery.'"

"Your medicines have done so much for me that I cannot thank you enough for advice and kindness shown me," writes Mrs. Warren E. Parker, of Orange St., Nantucket, Mass. "Three years ago I was taken sick with what the doctor called nervousness and indigestion. He gave me medicine for the trouble, but I could not eat even a little toast or oatmeal without suffering severely. I felt hungry but hardly dared eat anything. In a few months I began to have distressing pains right in the pit of my stomach. After the distress passed away it would leave my stomach so sore that I was obliged to lie in bed several days. I called the doctor again and he said I had catarrh of the stomach; gave me medicine but it did not do any good. I lost twenty-eight pounds in three months. One of my friends loaned me Dr. Pierce's Common Sense Medical Adviser to read, and when I read that many people had been cured by his medicines I made up my mind to write to him, although I was so bad I didn't think there was any help for me. I wrote and stated my case and received a prompt reply, advising me to take his 'Golden Medical Discovery' and also his 'Pellets,' if constipated. I commenced taking his medicines immediately, and soon began to feel better. I have taken six bottles of 'Golden Medical Discovery' and six vials of Dr. Pierce's 'Pellets.' I have gained ten pounds. Am able to do all my work, and have not had a distressing spell for five months. Can eat everything. I cannot express thanks enough for the good the medicines have done me. If any one who is suffering, no matter what the case may be, would only write to you for advice, I know you could help them."

FREE CONSULTATION BY LETTER. The value set by Mrs. Parker upon the advice freely given by Dr. Pierce does but correspond to her sense of the benefits she received. Dr. Pierce invites all sick people, especially those suffering from disease in chronic form, to consult him by letter, free, and so obtain the opinion of a specialist on their ailments without cost or fee. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Accept no substitute for Dr. Pierce's Golden Medical Discovery. There is no other medicine "just as good" for diseases of the stomach and its allied organs of digestion and nutrition.

NOT A CENT TO PAY for Dr. Pierce's Common Sense Medical Adviser except the cost of mailing. This great work, containing more than a thousand large pages and over 700 illustrations, is sent free in paper covers for 21 one-cent stamps to pay expense of mailing only. For the handsome and more durable cloth-bound volume, send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Read It in His Newspaper.

George Scaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain-Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. W. Milhous.

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.
